PASSAGE 2 Busy Bees

Bees are small, but they are very important. When a bee flies from flower to flower to collect nectar, it carries pollen with it. This helps plants make fruit and seeds. Without bees, we would have fewer apples, strawberries and many other foods. Bees live together in a hive, and each bee has a job. Sadly, the number of bees is falling in many countries. People can help by planting flowers and not using harmful chemicals in their gardens.

36. What do bees collect from flowers?

- A) Seeds
- B) Leaves
- C) Nectar
- D) Water

37. Why are bees important for plants?

- A) They eat harmful insects
- B) They water the plants
- C) They protect plants from rain
- D) They carry pollen that helps plants make fruit

38. Where do bees live?

- A) Alone in trees
- B) In a hive
- C) In the sea
- D) Under the ground

39. What problem does the text mention?

- A) Bees are getting bigger
- B) The number of bees is falling
- C) Bees eat all the fruit
- D) Bees make too much honey

40. How can people help bees?

- A) By planting flowers
- B) By cutting down trees
- C) By catching them
- D) By using more chemicals
